

Price List Teledata Standard

Price system

Teledata uses a price model involving variable costs. You decide for yourself what details you need and only pay for the information actually received.

Online account

Payment for all of the services is made via a personal online account. Your online account is defined by a user ID and associated password. You use these details to identify yourself as the authorized Teledata user. If you would like Teledata to be used in various departments or by several members of staff, we will open a number of other online accounts, each of which can be invoiced separately.

Information Units as basis of pricing

Our services are invoiced in our own “currency”, called the Information Unit (IU). All the data segments and services are stated as numbers of IUs in the price list. The appropriate number of IUs is debited directly to your online account when the information is obtained.

Subscription quantity / year	Price per IU in CHF	Total price in CHF
➡ from 3 000	0.65	1 950.–
➡ from 5 000	0.60	3 000.–
➡ from 10 000	0.58	5 800.–
➡ from 20 000	0.56	11 200.–
➡ from 40 000	0.55	22 000.–
➡ from 50 000	0.53	26 500.–
➡ from 70 000	0.52	36 400.–
➡ from 80 000	0.51	40 800.–
➡ from 100 000	0.50	50 000.–

Purchase of Information Units (IUs)

By prepayment

You can budget your annual information usage in advance and determine the total value to meet your needs. Once you have signed a contract, the number of IUs purchased is credited to your account, which remains valid for 24 months.

By monthly invoice

In the case of larger order volumes, we will invoice you monthly for the IUs actually ordered. The level of the basic fee and the IU will depend on the annual order volume.

Cost control

You can check your current usage and the accumulated totals for the previous months online at any time.

Quotation

We will be pleased to prepare an individual quotation in line with your information requirements and the annual volume received.

Personal advice

Please contact us for personal advice, tailor-made to meet your requirements.

Languages

The «Online Report» is usually in English.

The «Classic 5 International» and «Priority Check» reports are written in the language of the respective country, if this is German, French, Italian or English. Reports from other countries will generally be prepared in English. A charge of 50.0 IU will be made for each translation into German, English or French.

The present price list is valid as from 10th January 2011 and replaces all earlier versions.
All prices are listed in CHF and exclusive VAT.
