

## Tip: business news on your business partners

Are you familiar with our press information on companies in the Swiss economy? In cooperation with **awp**, the leading Swiss business news agency, we offer **facts and figures on companies, markets and industries**. The news is offered in German and French.

All relevant information is listed **chronologically and in a brief abstract**, enabling you to select the reports of interest to you.

With the business news you can greatly expand the scope of your information on companies and keep up with what the press is writing on a daily basis. **This gives you the certainty of knowing all the relevant information for making sound decisions.**

The news overview is available free of charge; the detailed view costs 6.5 information units.

The screenshot displays the ofwi Teledata interface. At the top, there are navigation tabs for 'Companies', 'Individuals', and 'SOGC archive'. Below these are search and filter options like 'Diagrams', 'Monitoring', and 'Full text search'. A section titled 'I would like to refer to the following data of the selected company' contains several checkboxes for data types such as 'Basic data', 'Bodies/signatures', 'Risk assessment', 'NOGA-Industries/products', 'Owner/Participations', 'Credit information', 'Publications', and 'News items'. The main content area shows a list of news items for 'Nestlé S.A., Vevey' (Teledata-Nr.: 11882). The list includes dates, sources (AWP), and headlines. A detailed view of a news item is shown on the right, with the title 'Nestlé/L'Oreal im zweiten Quartal mit Umsatzsprung' and a publication date of 12.07.2010. The text of the news item discusses L'Oreal's financial performance in the second quarter.
